Why are initial setup and registration required?

For convenient use

- To automatically determine the appropriate time for delivering messages to you, the HOMMIK app calculates and sets your time zone based on your location data. Therefore, we ask that you grant permission to access your location information once.
- While we generally do not send push notifications as part of our standard operations, we ask that you enable push notifications so that you can receive them when necessary.

Use of services tailored to you

The HOMMIK app is designed with your privacy in mind and does not store sensitive personal information. By registering your basic information, you gain access to services and information tailored specifically to you. Please enjoy a personalized experience.
